**Gerd Schemenau –
a great man of our times, dedicated to the human values
Our love for ever!**

Our souls are now in deep sorrow: Gerd Schemenau passed away.

FICE Romania is mourning the decease of this great man, the secretary general of FICE, a very close friend of ours and of our organization.

Gerd Schemenau was a great personality of our times, a Man dedicated to the human values, to the social care of children and youth, who dedicated his life to help those in need and suffering. He was a model and a mentor for us all, a man who understood that love, care and solidarity should be supreme values of our world.

For the members of FICE Romania, and, especially, for the children in difficulty in our country, Gerd Schemenau's professionalism, objectivity, warmth and enthusiasm proved to be important sources of trust and help. We can't forget, in these moments of deep sorrow, and we ever won't, that the founding of the actual organization of the children care system in Romania is due to the competent support, profoundly human, given by an exquisite specialist of this professional domain.

Gerd Schemenau was a supporter and a devoted mentor for FICE Romania, whose constant support and help, along the years, have essentially influenced the activity of many specialists, members of our organization, and the functioning of many institutions and programmes dedicated to the children rights protection.

In these sad moments, we, FICE Romania, are expressing our deep sympathy and sorrow to the Schottener Reha team, the institution to which Gerd Schemenau dedicated his whole life and whose services many members of FICE Romania have benefitted of in the professional perfecting process.

FICE Romania is expressing deep condolences to the mourning family, our deep love and respect for the outstanding professional, and great man, Gerd Schemenau.

Good bye, our beloved friend! We will never forget you! May God rest your noble soul in peace!

Bucharest, the 28th of August, 2011

FICE Romania,
President,
Prof. TOMA MAREȘ
